PECB Certified ISO/IEC 27032 Foundation

Become acquainted with the best practices of the Cybersecurity implementation and management program based on ISO/IEC 27032

Why should you attend?

The rise of cyberspace during the digital revolution consequentially gave birth to cyber threats and cybersecurity. The ISO/IEC 27032 Foundation training course introduces the main concepts and requirements of a cybersecurity program, including stakeholders in cyberspace, attack mechanisms, and information sharing and coordination.

The training course is followed by the certification exam. If you pass, you can apply for the "PECB Certified ISO/IEC 27032 Foundation" credential, which demonstrates your knowledge of the fundamental concepts, principles, and techniques of cybersecurity.

Who should attend?

➤ Individuals involved in cybersecurity and information security
➤ Individuals interested in the field of cybersecurity
➤ Individuals interested in pursuing a career in cybersecurity

Learning objectives

➤ Understand the basic concepts and principles of cybersecurity
➤ Acknowledge the correlation between ISO/IEC 27032, NIST cybersecurity framework, and other standards and frameworks
➤ Understand the approaches, methods, and techniques used in cybersecurity

Course agenda   DURATION: 2 DAYS

➤ Day 1: Introduction to ISO/IEC 27032 and fundamental cybersecurity principles and concepts
➤ Day 2: Cybersecurity program and certification exam

Prerequisites

➤ None

Examination   DURATION: 1 HOUR

The "PECB Certified ISO/IEC 27032 Foundation" exam meets the requirements of the PECB Examination and Certification Program (ECP). It covers the following competency domains:

➤ Domain 1: Fundamental cybersecurity principles and concepts
➤ Domain 2: Cybersecurity program

For specific information about exam type, languages available, and other details, please visit the List of PECB Exams and the Examination Rules and Policies.

Certification

After successfully passing the exam, you can apply for one of the credentials below. You will receive the certificate once you comply with all the relevant requirements.

For more information about ISO/IEC 27032 Foundation certification and the PECB certification process, please refer to the Certification Rules and Policies.

General information

➤ Certification and examination fees are included in the price of the training course
➤ Participants will be provided with the training course material containing over 200 pages of explanatory information, examples, best practices, exercises, and quizzes.
➤ An attendance record worth 14 CPD (Continuing Professional Development) credits will be issued to the participants who have attended the training course.
➤ In case candidates fail the exam, they can retake it within 12 months following the initial exam for free.
